Plates Batch Aging Furnace

FRANCE

-
- BATCH FURNACE WITH CHARGING MACHINE
-
- 14 ELECTRICAL HEATING ZONES
-
- ALUMINIUM PLATES UP TO 22M LONG
-
- VERY GOOD THERMAL HOMOGENEITY
-

CASE STUDY

0412-005

Customer

A main supplier of aluminium for aerospace industry

Customer specification

Annealing furnace for heavy plates for temperature from 80°C to 250°C

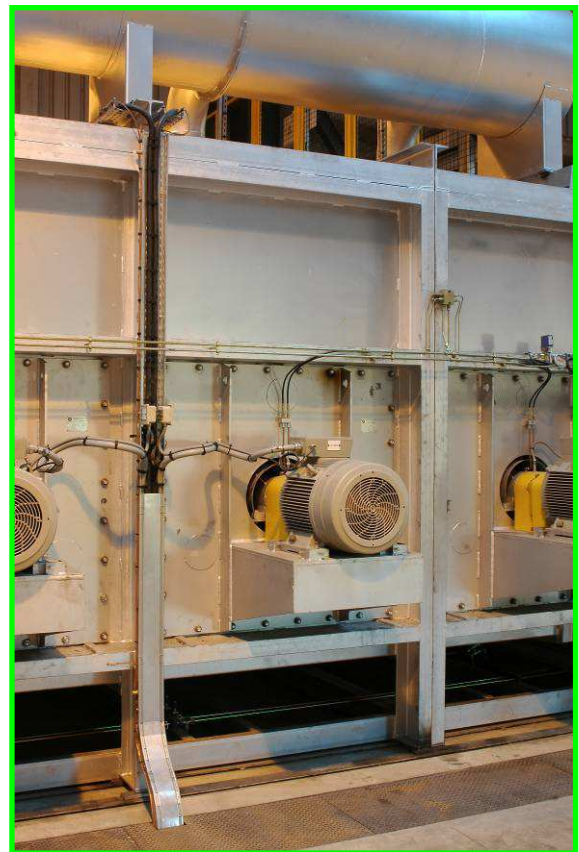

Data's

Electrical heating

14 control zones with heat/cool capability

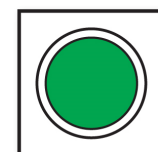

Control cooling in the furnace

Temperature accuracy +/- 1.5°C
